Semester for which you will be register (Circle only one): Fall Spring Summer 1, 2, LS

High School: _____

Courses to be enrolled in (List):

_____

- College courses are more difficult than the high school courses many students are accustomed to taking. Therefore, students must be self-motivated and exercise self-discipline when attempting the more challenging curriculum.
- Once enrolled in the course, and classes begin, a student will not be refunded the fee, even if he/she fails to complete the curriculum.
- College instructors do not post progress reports, send failure notes or call parents. Students must speak directly with their instructor to determine grades or assignments for the class.
- **3 credit hours is $204 and 4 credit hours is $272** and must be paid before transcripts, with grades, can be released.
- Loan notification: If the course is not paid by the state census date, then Cisco College will issue an in-house loan that the student will be responsible for. There is no fee for an in-house dual credit loan.

I have read and understand the above. I authorize Cisco College to disclose my final grade and admission information to my high school.
