We are so excited for your student to join us for summer band camp this year! Please know that in order to best work around athletics schedules, we have planned our band camp for one stand-alone week this summer. This camp will be **mandatory** for students to attend. **Our success as a band is extremely dependent on having every single one of our students present, and their place in the marching show will be determined by their attendance and participation this week.**

During band camp students will work on show music, stand-tunes, marching technique and fundamentals, and logistics practice for football games and other band events. In addition to rehearsals, our leadership team will also be scheduling fun activities for our

band members throughout the week. Lunch will be provided each day by the band boosters!

With all that said, parents, we encourage you now to help your student plan for this week and **arrange rides if necessary** to get them there for each of those 5 days. **Please don't plan summer vacations during this time**, as this camp is so crucial for our success as a program. If you have a serious conflict, please let us know **ahead of time** and we will work with you!
